

Namaste Poem

Written by residents from Elm Gardens
with the help of John Killick

It's agreeable here. I rather like it.
Definitely the music most.
It's all colours, all on the buttons.
I like it on my hands,
and then on the other side.
I like the fact the ladies do everything.

It's nicely just happy, Monday or any day.
This, it goes into the problem.
We didn't understand it at first,
then we got the pattern.

Now, if I were you, I'd ask someone else.
