

The University of Worcester is committed to the following values and objectives:
 To ensure the University's operations are sustainable and ethical, including Fairtrade and stimulating a shift
 to more sustainable models of consumption.
 To reduce pollution by reducing emissions and environmentally harmful discharges.
 To promote sustainable transport and implement a sustainable travel plan.
 To protect biodiversity and incorporate biodiversity in environmental management, creating new
 habitats for wildlife on campus.
 To support projects and programmes that directly enhance wellbeing including healthy and
 ethical food.
 To provide appropriate sustainability and environmental training for all our staff and students.
 To promote active citizenship locally, nationally, and globally.
 To facilitate communication with, and information to, internal and external interested citizens and
 stakeholders. Responding appropriately to reasonable requests for information about our
 sustainability performance.
 To ensure curricula reflect and align with our values for inclusion, internationalisation, ethical and
 responsible global citizenship.
 To promote pedagogic innovation, scholarship, and research on sustainability with global impact.
 To develop official partnerships and collaborations through our sustainability activities and
 to enhance our sustainability reputation internationally.
 To ensure compliance with the institution's legal and other compliance obligations.
